

Pottering[™] About

The Mobile Paint Your Own Pottery Company

— www.potteringabout.co.uk —

We come to you with everything you need to produce your own unique, hand-painted masterpiece.

We then take your painted pottery away to glaze and fire in a kiln — ready for you usually within a few days.

Choose from functional tableware, figurines or ornaments plus a whole range of items especially for children.

Pottery painting is great for both adults and kids. It's fun, creative and it's easy to achieve great looking results.

Perfect for parties, groups, clubs, schools and events.

We cover all of Oxfordshire plus surrounding counties: Buckinghamshire, Berkshire, Wiltshire, Gloucestershire & Northamptonshire.
